

Ballwin Parks / Recreation Center

Ballwin, Missouri

This project involved the re-master planning of four existing parks and also two new parks from master planning to implementation. In addition to the master planning efforts, Austin Tao & Associates prepared complete site design development plans, construction documents, cost estimates, provided construction administration services, and project management for these two new parks.

Site analysis, park master planning, site design, landscape plan irrigation, site utilities, roadways and parking, site signage and furniture, site grading and drainage, and cost estimating for several parks in the city of Ballwin, MO.
