

## Boulevard Community Park

Lake Saint Louis, Missouri

This was a new 15 acre community park. Austin Tao & Associates was involved from initial site evaluation, selection, and park master planning, through construction documents.

The park is a family oriented facility which includes a recreational ball field, jogging path circuit, picnic areas, picnic pavilion, restroom building, a playground with separate area for the younger and older children, fishing pond and volleyball courts. The firm was responsible for schematic site layout and grading; road, parking lot and pathway layout, building siting, site landscape, hardscape, irrigation and playground design.
