

## Gateway Mall Park - Blocks I & II

St. Louis, Missouri

The Gateway Mall Park is a two block public open space in the center of the Market Street Mall area of downtown St. Louis that stretches from the Jefferson Expansion Memorial/Arch grounds to the Civil Courts Building. The park consists of large central lawn areas bordered by wide sidewalks with double rows of street trees. The park design features stylized cast stone lion benches and decorative cast iron light poles. ATA was responsible for design development of the landscape and hardscape, landscape design and irrigation design.
